

## Skills Trainer Appreciate Month

Although there is not an official skills trainer appreciate month, I am designating February as such for my wonderful skills trainers. Judy, Kylie, and Michelle go beyond the call of duty every day to ensure that our program meets the unique needs of all of our interns. I literally could not do my job without them and they make our world a better place! Please encourage your intern to write them a thank you note or card and personally deliver it this month.

### Skills Trainer Fun Facts

Judy was a production crewmember of the Michael Jackson "Thriller" video.  
Michelle is from the "Valley" of California. She hates to drive in the snow.  
Kylie is also a licensed American Sign Language Interpreter.

## Project LIFE / SEARCH Selection Day

Tomorrow is the final day of Project LIFE/SEARCH interviews for current high school students. LIFE and SEARCH staff will make final recommendations on program placements for the 22-23 school year on March 4<sup>th</sup>. Butler Tech will mail letters home following the final selection meeting notifying you of program placement. You will receive a follow up email or call from your intern's instructor for next school year to set up an intake meeting. I am so excited about interns finding out their program placements for next school year. This is such an exciting time for our interns who have worked so hard improving their employability and independent living skills. Please let me know if you have questions about program placement.
